## **TECHNICAL BRANCH MANAGER**

AEROTON

### **SALARY PACKAGE NEGOTIABLE**

Electromed is seeking the services of a motivated, goal orientated, manager to manage the Aeroton branch of it's operations.

The successful candidate must:

- Have a good general technical knowledge of medical equipment.
- Be computer literate
- Have at least 3 years experience
- Have good communicative and management skills
- Be assertive
- Have the ability to work under pressure without getting rattled and still maintain high standards.
- Be deadline orientated.
- ISO 9001:2000 knowledge will be a big advantage.

Responsibilities will include:

- Planning, organizing and executing service schedules.
- Working with customers
- Control and monitoring technicians performance.
- Taking responsibility for the area
- Good record keeping
- Strict adherence to "turn around" times
- Problem solving.

I am looking for somebody who does not use excuses. I will give you whatever you need. You make sure it happens. If you are my man, mail me, (Peter), your CV. [electro@global.co.za](mailto:electro@global.co.za)

Training will be provided on the product.
