POSITION AVAILABLE:	QA and SERVICE CENTRE MANAGER
LOCATION:	KYA SANDS - RANDBURG

We are currently looking to fill the following key position:

- QA and Service Centre Manager to be based at our head office in Kya Sands, Randburg – Gauteng
- Responsibilities will include the following:
 - Instituting and maintaining quality control systems to be followed in our service centre
 - Ensuring that all equipment (new and repaired) being sent to customers has passed all relevant quality, safety and functional checks
 - Assigning repair/service work to our team of engineers/technicians, and overseeing that such work is carried out well, and in good time
 - Improving the overall quality of our customer service and product, thus adding to the professionalism of our company

We are looking for a dedicated, self motivated person who will fit into our busy service centre, and be able to start implementing systems from day one. The position will suit someone with a good general knowledge of all types of hospital equipment, with emphasis on clinical application.

Requirements:

- Good communication and management skills
- Excellent administrative skills
- Willingness to be “hands-on” with repairs and QA checks
- Must be able to cope with stressful working conditions

Preference will be given to:

- Candidates who have previous management experience
- Candidates with more than 5 years working experience in the Clinical Engineering industry
