<b>POSITION AVAILABLE:</b>	<b>QUALITY CONTROL MANAGER</b>
<b>LOCATION:</b>	<b>KYA SANDS - RANDBURG</b>

We are currently looking to fill the following position:

- Qualified Clinical Engineering Technician / Engineer to be based at our head office in Kya Sands, Randburg.
- Responsibilities will include the following:
  - Instituting and maintaining quality control systems to be followed in our repair and service centre (Gauteng and Limpopo).
  - Ensuring that all equipment (new and repaired) being sent to customers has passed all relevant quality, safety and functional checks.
  - Overseeing the assembly and transportation of our range of hospital furniture.
  - Improving the overall quality of our customer service and product, thus adding to the professionalism of our company

We are looking for a dynamic, self motivated person who will fit into our busy service centre and be able to start implementing systems from day one. The position suits someone with a good general working knowledge of all types of hospital equipment, with emphasis on clinical application. A sound mechanical knowledge will be an advantage.

Requirements:

- Valid drivers license
- Good communication skills
- Excellent administration skills
- Willingness to perform bench repairs and take care of call-outs when necessary
- Must be able to cope with stressful working conditions

Preference will be given to:

- Candidates with more than 5 years working experience
- Candidates that are currently members of CEASA
- Candidates that have a Clinical Engineering / Electronic Engineering Diploma
